Ford Escort RS Cosworth & World Rally Car Nov 21 2021 The Escort RS Cosworth, which started rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful since the legendary Escorts of the 1970s. Because it was smaller, lighter, and more nimble than any of the Sierras, the combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions. With five World victories in its first season, and success all around the world in later years, it was seen in every continent, in all conditions. To meet a change in regulations, the Escort World Rally Car took over in 1997, and also enjoyed years of success.

Reliance Motor Services Aug 19 2021 Between the two world wars and in the years that followed, several generations relied on country buses. In the days when few could afford a car, the bus was the medium to move between homes in often remote villages and the places where they increasingly went to school, worked and enjoyed their leisure hours. This is the story of one such chain of villages across the Berkshire Downs — and the family-owned business that grew up around satisfying their needs. George Hedges came back from World War I to become a horse-drawn carrier, but with ambitions to motorise his business. With his family taking the wheel in the 50s and beyond, Reliance extended its reach nationwide and even internationally. The small village where it all started, Brightwalton, woke in the mornings to the cough of diesel engines from both Reliance buses and a relative's lorries. When both businesses departed, the village lost many of its jobs, its two pubs and very nearly its school. This book is not just for bus lovers but for anyone who looks back with fondness on the era before the motor car choked free movement and changed life.
