**Business Model You** Feb 02 2020 A one-page tool to reinvent yourself and your career The global bestseller Business Model Generation introduced a unique visual way to summarize and creatively brainstorm any business or product idea on a single sheet of paper. Business Model You uses the same powerful one-page tool to teach readers how to draw "personal business models," which reveal new ways their skills can be adapted to the changing needs of the marketplace to reveal new, more satisfying, career and life possibilities. Produced by the same team that created Business Model Generation, this book is based on the Business Model Canvas methodology, which has quickly emerged as the world's leading business model description and innovation technique. This book shows readers how to:

- Understand business model thinking and diagram their current personal business model
- Understand the value of their skills in the marketplace and define their purpose
- Articulate a vision for change
- Create a new personal business model harmonized with that vision, and most important, test and implement the new model

When you implement the one-page tool from Business Model You, you create a game-changing business model for your life and career.

*XML* Jun 07 2020 What is XML? XML, or eXtensible Markup Language, is a specification for storing information. It is also a specification for describing the structure of that information. And while XML is a markup language (just like HTML), XML has no tags of its own. It allows the person writing the XML to create whatever tags they need. The only condition is that these newly created tags adhere to the rules of the XML specification. In the seven years since the first edition of "XML: Visual QuickStart Guide" was published, XML has taken its place next to HTML as a foundational language on the Internet. XML has become a very popular method for storing data and the most popular method for transmitting data between all sorts of systems and applications. The reason being, where HTML was designed to display information, XML was designed to manage it. "XML: Visual QuickStart Guide, 2nd Edition" is divided into seven parts. Each part contains one or more chapters with step-by-step instructions that explain how to perform XML-related tasks. Wherever possible, examples of the concepts being discussed are displayed, and the parts of the examples on which to focus are highlighted. The order of the book is intentionally designed to be an introduction to the fundamentals of XML, followed by discussions of related XML technologies.

*Building a Second Brain* Jun 27 2019 A revolutionary approach to enhancing productivity, creating flow, and vastly increasing your ability to capture, remember, and benefit from the unprecedented amount of information all around us. **Happy Gut** Dec 02 2019 Following the success of the bestselling Clean Gut and Wheat Belly comes this essential guide to improving digestive health from an expert in functional medicine—who reveals why everything that ails us, from fatigue to weight gain to bloating and bad skin, can be traced back to the gut, and shares his cleansing plan to help us reclaim our health. Dr. Vincent Pedre understands gut problems firsthand. He suffered from IBS for years before becoming an expert in functional medicine and learning how to heal his body from the inside. Dr. Pedre used his own experience to develop The Gut C.A.R.E. Program—an approach that draws from both Western and Eastern methodologies, combining integrative and functional medicine—that has a proven success record in his private practice in New York. Now, for the first time, Dr. Pedre makes his revolutionary plan for health and wellness available to everyone. Happy Gut takes readers step-by-step through Gut C.A.R.E.—Cleanse, Activate, Restore, and Enhance—which eliminates food triggers, clears the gut of unfriendly pathogens, and replaces them with healthy probiotics and nutrients that repair and heal the gut. Rather than masking symptoms with medication, he shows us how to address the problem at its core to restore the gastrointestinal system to its proper functioning state. By fixing problems in the gut, followers of Dr. Pedre's program have found that their other health woes are also cured and have lost weight, gained energy, and improved seemingly unrelated issues, such as seasonal allergies, in addition to eliminating their chronic muscle and abdominal pain. Complete with recipes and meal plans including gluten-free, low-fat, and vegetarian options, a 28-day gut cleanse, yoga postures to help digestion, and testimonials from many of his patients, Happy Gut will help you feel better and eliminate gut issues for life.

**FLAMES OF FREEDOM Grim & Perilous RPG** Mar 05 2020 FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG. It is the dawn of the American Revolutionary War of 1776. A tangled web of conspiracy spans North America. It does not matter what your creed, color, culture, faith or gender is—all stand together in the war for survival. Every Rebel patriot holds Thomas Paine’s Common Sense aloft as they take up arms against the British Empire. The city of Boston is occupied by the Red Coats, surrounded by Rebel militias. But as the revolution has begun, something far more mysterious stirs. Agents of the occult entreat both the Continental Army and British Empire. Freemasons conspire in the City of Brotherly Love. Maryland is in the throes of a witch hunt by the Knights Templar. Amid the chaos, other grim fairy tales have emerged. Ghouls have been tunneling beneath Boston. There are sightings of witches in the Great Dismal Swamp. Indigenous sachem speak of devils who walk among the living. The Leeds Devil haunts the Pine Barrens of New Jersey. And worse still, a shadowy collective called “The Mandoag” seeks to consume all, Loyalists and Rebels alike. In this game, most people have either chosen to deny the supernatural or rationalize it away. A rare few accept it for what it is to act. You are among those heroes and destined for greatness... or death. This alternative history game includes most of what you need to play: a player’s handbook, a game master’s guide, a bestiary, and an introductory adventure set in Boston. All that’s left are a few friends, pencils and a handful of dice. FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG.?

*The Trading Book: A Complete Solution to Mastering Technical Systems and Trading Psychology* Sep 30 2019 THE SMARTEST TRADES. THE HOTTEST MARKETS. THE ONLY BOOK YOU NEED. You don't have to be a professional trader to win big in the stock market. That's what Anne-Marie Baiynd learned when she changed her career from neuroscience researcher to full-time momentum trader. Now, with her popular website and this brilliant new book, she teaches other traders how to master the market using her proven combination of analytics and psychology. The Trading Book shows you how to: Master the power of technical trading Increase profits using probabilities and pattern recognition Focus on precision trading for consistent results Discover the benefits of waves and fibs Embrace the habits of highly effective traders This one-of-a-kind guide goes beyond the numbers and statistics to show you the complex psychology behind the trades—from the greatest gains to the hardest losses. You'll discover how other traders deal with making counterintuitive decisions; how to use technical indicators to identify the momentum and direction of the markets; and how to achieve your long-term financial goals through discipline, dedication, and endurance. Filled with insightful case studies, interviews, exercises, and guidelines for keeping a personal trading journal, this is more than a crash course for beginners or an industry guide for experts. This is the book on trading. Praise for *The Trading Book*: "Anne-Marie is an amazing trader who loves to share ideas. She knows it makes her smarter and so sharing is not really giving away anything. Anne Marie can explain complex trading ideas in a digestible manner, and any level of trader or investor will benefit from this book." —Howard Lindzon, cofounder and CEO of StockTwits and author of *The StockTwits Edge* "The Trading Book does an outstanding job of offering step-by-step explanations of trading strategies and methods. Anyone looking for a clear path to profits in the markets will find the pre-trade checklist especially helpful for staying disciplined during the trading day. The lessons on reading stock charts are some of the best I've seen and worth reading multiple times." —Tim Bourquin, *Traderinterviews.com* "This excellent book balances trading wisdom, psychology, common sense, and valuable strategies that you can put to work immediately. I think that the 'woman's perspective' really adds something that most trading books are missing. Read this book; trust me!" —Brian Shannon, author of *Technical Analysis Using Multiple Timeframes* and President of *Alphatrends.net*
