The Metamorphosis (Translated by David Wylie) Nov 11 2020 "I cannot make you understand. I cannot make anyone understand what is happening inside me. I cannot even explain it to myself." -Gregor Samsa, The Metamorphosis The Metamorphosis one of the most commonly referenced books when you talk about absurd literature. It is heralded as a masterpiece of the existential literature because of how it demands the reader to accept the absurdity of the world just as it is. Although some of the events of the story are fantastical in nature, the ideas it conveys about existence, the meaning of life, and humanity are relatable to us in the real world, too.

Gamification Jun 18 2021 Games can seem to do the impossible: reach patrons and drive traffic to projects and services. But how can libraries use gamification and game elements to improve instruction and outreach, or to encourage the use of particular areas and services? In this guide, readers will learn about how to structure game activities in order to best reach their patrons. Chapters devoted to topics such as personalization, goal setting, working with partners, games in instruction, and assessment illustrate some of the many ways games can have an impact in libraries. Everything in this book is presented from a practical point of view - email templates, real-life examples, and scenarios are included. Games have a lot of potential for use in many different library services, and this book will help you decide how they might work best for you. From the first seeds of a project 's beginning to its eventual maturation, this book will help you develop, implement, and evaluate game-style projects at your library.

The Scottish Law Review and Sheriff Court Reports Feb 01 2020 Vols. 29-47, 1913-1931 and v. 72-79. 1956-1963 include Scottish Land Court reports, v. 1-19 and v. 44-51.

Personality and Power Jan 26 2022 One of New York Magazine's Most Anticipated Books of the Fall How far can a single leader alter the course of history? From one of the leading historians of twentieth-century Europe and the author of the definitive biography of Hitler, Personality and Power is a masterful reckoning with how character conspired with opportunity to create the modern age 's uniquely devastating despots--and how and why other countries found better paths. The modern era saw the emergence of individuals who had command over a terrifying array of instruments of control, persuasion and death. Whole societies were reshaped and wars were fought, often with a merciless contempt for the most basic norms. At the summit of these societies were leaders whose personalities somehow enabled them to do whatever they wished, regardless of the consequences for others. Ian Kershaw 's new book is a compelling, lucid and challenging attempt to understand these rulers, whether those operating on the widest stage (Lenin, Stalin, Hitler, Mussolini) or with a more national impact (Tito, Franco). What was it about these leaders, and the times in which they lived, that allowed them such untrammelled and murderous power? And what brought that era to an end? In a contrasting group of profiles--from Churchill to de Gaulle, Adenauer to Gorbachev and Thatcher to Kohl)--Kershaw uses his exceptional skills as an iconic historian to explore how strikingly different figures wielded power.

[Rules and Rituals in Medieval Power Games](#) Jul 08 2020 In Rules and Rituals in Medieval Power Games Gerd Althoff highlights the great impact of unwritten rules (Spielregeln) and rituals in establishing order in prestate societies. He underpins this view with new examples and insights taken from the German perspective and thus offers a model suitable for comparison with other societies.

[Metamorphosis](#) Jun 30 2022 The origins of selected instances of metamorphosis in Germanic literature are traced from their roots in Ovid's Metamorphoses, grouped roughly on an 'ascending evolutionary scale' (invertebrates, birds, animals, and mermaids). Whilst a broad range of mythological, legendary, fairy tale and folktale traditions have played an appreciable part, Ovid's Metamorphoses is still an important comparative analysis and reference point for nineteenth- and twentieth-century German-language narratives of transformations. Metamorphosis is most often used as an index of crisis: an existential crisis of the subject or a crisis in a society's moral, social or cultural values. Specifically selected texts for analysis include Jeremias Gotthelf's Die schwarze Spinne (1842) with the terrifying metamorphosis of Christine into a black spider, the metamorphosis of Gregor Samsa in Kafka's Die Verwandlung (1915), ambiguous metamorphoses in E. T. A. Hoffmann's Der goldne Topf (1814), Hermann Hesse's Piktors Verwandlungen (1925), Der Steppenwolf (1927) and Christoph Ransmayr's Die letzte Welt (1988). Other mythical metamorphoses are examined in texts by Bachmann, Fouqu  , Fontane, Goethe, Nietzsche, Nelly Sachs, Thomas Mann and Wagner, and these and many others confirm that metamorphosis is used historically, scientifically, for religious purposes; to highlight identity, sexuality, a dream state, or for metaphoric, metonymic or allegorical reasons.

[Franz Kafka's the Metamorphosis](#) Aug 01 2022 Presents a collection of critical essays about Kafka's The Metamorphosis.

[Metamorphosis](#) Jul 20 2021 The Metamorphosis is a novella written by Franz Kafka which was first published in 1915. One of Kafka's best-known works, The Metamorphosis tells the story of salesman Gregor Samsa who wakes one morning to find himself inexplicably transformed into a huge insect (German ungeheures Ungeziefer, literally "monstrous vermin"), subsequently struggling to adjust to this new condition. The novella has been widely discussed among literary critics, with differing interpretations being offered. Franz Kafka (3 July 1883 - 3 June 1924) a German-speaking Bohemian novelist and short-story writer, widely regarded as one of the major figures of 20th-century literature. His work fuses elements of realism and the fantastic. It typically features isolated protagonists facing bizarre or surrealistic predicaments and incomprehensible socio-bureaucratic powers. It has been interpreted as exploring themes of alienation, existential anxiety, guilt, and absurdity. His best known works include "Die Verwandlung" ("The Metamorphosis"), Der Prozess (The Trial), and Das Schloss (The Castle). The term Kafkaesque has entered the English language to describe situations like those found in his writing. Kafka was born into a middle-class German-Jewish family in Prague, the capital of the Kingdom of Bohemia, then part of the Austro-Hungarian Empire, today the capital of the Czech Republic. He trained as a lawyer and after completing his legal education was employed full-time by an insurance company, forcing him to relegate writing to his spare time. Over the course of his life, Kafka wrote hundreds of letters to family and close friends, including his father, with whom he had a strained and formal relationship. He became engaged to several women but never married. He died in 1924 at the age of 40 from tuberculosis. Few of Kafka's works were published during his lifetime: the story collections Betrachtung (Contemplation) and Ein Landarzt (A Country Doctor), and individual stories (such as "Die Verwandlung") were published in literary magazines but received little public attention. In his will, Kafka instructed his executor and friend Max Brod to destroy his unfinished works, including his novels Der Prozess, Das Schloss and Der Verschollene (translated as both Amerika and The Man Who Disappeared), but Brod ignored these instructions. His work has influenced a vast range of writers, critics, artists, and philosophers during the 20th and 21st centuries. Translated by Ian Johnston.

Kant and the Concept of Community Sep 09 2020 An interdisciplinary collection of essays focused on Kant's work on the concept of community.

CVS Pocket Reference Sep 02 2022 The beauty of open source is that it makes code freely available. The curse is the need to organize the chaos code development can evolve into. CVS does just that, and the "CVS Pocket Reference" is a quick-reference guide to help administrators and users alike. It covers core concepts of version control with a complete command reference and guide to configuration and repository setup.

21st Century Political Science: A Reference Handbook Oct 11 2020 Request a free trial of SAGE Knowledge to sample this title and many more! www.sagepub.com/freetrial Via 99 entries or "mini-chapters," the SAGE 21st Century Reference Series volumes on political science highlight the most important topics, issues, questions, and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century. 21st Century Political Science: A Reference Handbook serves as an authoritative reference source that meets students' research needs with more detailed information than encyclopedia entries but not so much jargon, detail, or density as a journal article or a research handbook chapter. An editorial advisory board comprised of eminent scholars from various subfields, many of whom are also award-winning teachers, selected the most important general topics in the discipline. The two volumes are divided into six major parts: 1) General Approaches of Political Science; 2) Comparative Politics; 3) International Relations; 4) Political Science Methodology; 5) Political Thought; and 6) American Politics. A section on identity politics includes chapters on topics such as Race, Ethnicity, and Politics; Gender and Politics; Religion and Politics; and LGBT Issues/ Queer Theory. This two-volume resource makes fairly complex approaches in political science accessible to advanced undergraduate and beginning graduate students.

The Metamorphosis Feb 24 2022 Beginning with one of the most shocking first sentences in all of literature, Franz Kafka details the horrific tale of an absurd life. Virtually imprisoned in his room, Gregor Samsa discovers that every aspect of his existence has amounted to nothing. Even the struggling, dysfunctional family he has sacrificed to support is thriving without his financial assistance. Slowly stripped of every bit of his humanity, Gregor realizes that no man's life, especially his, actually matters. First published in 1915, Kafka's surreal novel about living in an indifferent universe has long been considered a seminal work of Existentialist literature. All of the humor, zest, and richness of language?so often lost in other editions?resonate in this new and exciting Prestwick House Literary Touchstone translation by M. A. Roberts. The Metamorphosis includes a glossary and reader's notes to help the modern reader more fully appreciate Kafka's complex approach to the human condition

Kantianism for Animals Mar 16 2021 This open access book revises Kant 's ethical thought in one of its most notorious respects: its exclusion of animals from moral consideration. The book gives readers in animal ethics an accessible introduction to Kant 's views on our duties to others, and his view that we have only ' indirect ' duties regarding animals. It then investigates how one would have to depart from Kant in order to recognise that animals matter morally for their own sake. Particular attention is paid to Kant 's ' Formula of Humanity,' the role of autonomy and the moral law, as well as Kant 's notions of practical reason and animal instinct. The result is a deliberately amended version of Kantianism which nevertheless remains faithful to central aspects of Kant 's thought. The book 's final part illustrates the framework 's use in applied contexts, addressing the issues of using animals as mere means, the ethics of veganism and vegetarianism, and environmental protection. Nico Dario M  ller shows how, when furnished with duties to animals, Kant's moral philosophy can be a powerful resource for animal ethicists.

On Frege May 06 2020 This brief text assists students in understanding Frege's philosophy and thinking so they can more fully engage in useful, intelligent class dialogue and improve their understanding of course content. Part of the Wadsworth Notes Series, (which will eventually consist of approximately 100 titles, each focusing on a single "thinker" from ancient times to the present), ON FREGE is written by a philosopher deeply versed in the

philosophy of this key thinker. Like other books in the series, this concise book offers sufficient insight into the thinking of a notable philosopher, better enabling students to engage in reading and to discuss the material in class and on paper.

History of the Clan Gregor, from Public Records and Private Collections: Compiled at the Request of the Clan Gregor Society; Jan 02 2020

Linux iptables Pocket Reference Nov 04 2022 Firewalls, Network Address Translation (NAT), network logging and accounting are all provided by Linux's Netfilter system, also known by the name of the command used to administer it, iptables. The iptables interface is the most sophisticated ever offered on Linux and makes Linux an extremely flexible system for any kind of network filtering you might do. Large sets of filtering rules can be grouped in ways that makes it easy to test them and turn them on and off. Do you watch for all types of ICMP traffic--some of them quite dangerous? Can you take advantage of stateful filtering to simplify the management of TCP connections? Would you like to track how much traffic of various types you get? This pocket reference will help you at those critical moments when someone asks you to open or close a port in a hurry, either to enable some important traffic or to block an attack. The book will keep the subtle syntax straight and help you remember all the values you have to enter in order to be as secure as possible. The book has an introductory section that describes applications, followed by a reference/encyclopaedic section with all the matches and targets arranged alphabetically.

The World of Yesterday's Humanist Today Jun 26 2019 France (1837) was the third volume published in Cooper's Gleanings in Europe series, but first in the chronology of his European experience. Less sequential than his other travel narratives, France distills his impressions of French and European culture during his first two years abroad. Exhibiting many qualities of the familiar essay, it considers a wide range of topics of interest to Cooper, his friends, and potential readers in the United States. As a celebrity thoroughly at home in the brilliant society of Bourbon Paris, Cooper was able to provide fascinating glimpses of personalities, spectacles, institutions, and manners--from his distinctly American perspective. Indeed, as Professor Philbrick remarks, "No other of Cooper's works, perhaps, brings us closer to his speaking voice or puts us more directly in contact with the man himself, with all his idiosyncratic preoccupations, his quick resentments, his restless curiosity, his surprising humor, and his nobility of principle." The reader of this edition is brought even closer to Cooper in the draft of a hitherto unpublished letter, probably intended for this book, which illustrates Cooper's grasp of the still finer points of French customs and attitudes.

Franz Kafka Mar 04 2020 In Stanley Corngold's view, the themes and strategies of Kafka's fiction are generated by a tension between his concern for writing and his growing sense of its arbitrary character. Analyzing Kafka's work in light of "the necessity of form," which is also a merely formal necessity, Corngold uncovers the fundamental paradox of Kafka's art and life. The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature. In the central part of the book, Corngold reflects on the place of Kafka within the modern tradition, discussing such influential precursors of Cervantes, Flaubert, and Nietzsche, whose works display a comparable narrative disruption. Kafka's distinctive narrative strategies, Corngold points out, demand interpretation at the same time they resist it. Critics of Kafka, he says, must be aware that their approaches are guided by the principles that Kafka's fiction identifies, dramatizes, and rejects.
