**Janey the Vet** May 18 2021 'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

Hav Jun 18 2021 A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

A Secondhand Lie Jul 20 2021 Sometimes you know things you're not supposed to know. Things that you can never un-know. Things that will change the course of your life...and the fate of the ones you love. I found her in our living room, bleeding and close to death, but alive. Barely. Until morning stole her last breath. The media called her killer the "Triangle Terror" ... and then forgot about her. But I never forgot—my murdered sister, and an investigation that led to my own resurrection from the dead. Twenty-two years ago, on a cold February night, Landon Worthington lost his father for the last time. After an armed robbery gone wrong, evidence and witness testimony pointed a shaky finger at Dan Worthington—deadbeat dad and alcoholic husband. But before the dust could settle over the conviction, Landon's preteen sister, Alexis, is murdered in their home, plunging Landon's life into further despair. Two decades and a cold case later, Landon is dogged by guilt over their estranged relationship and decides to confront his incarcerated father about what really happened the night of the robbery. But the years of lies are hard to unravel. And the biggest question of all haunts him: How does everything tie into his sister's murder? And so begins Landon's journey to piece together the puzzle of secrets, lies, and truths that can free his father, avenge his sister, and perhaps save himself. A short story mystery perfect for fans of Robert Dugoni's *Third Watch* and Dean
