Apprentice in Death Dec 23 2021 THE #1 NEW YORK TIMES BESTSELLER Lieutenant Eve Dallas must hunt down the deadly snipers terrorizing Manhattan in this fast-paced In Death thriller from J. D. Robb. The shots came quickly, silently, and with deadly accuracy. Within seconds, three people were dead at Central Park's ice-skating rink. The victims: a talented young skater, a doctor, and a teacher. As random as random can be. Eve Dallas has seen a lot of killers during her time with the NYPSP but never one like this. A review of the security videos reveals that the victims were killed with a tactical laser rifle fired by a sniper, who could have been miles away when the trigger was pulled. And though the list of locations where the shooter could have set up seems endless, the number of people with that particular skill set is finite: police, military, professional killer. Eve's husband, Roarke, has unlimited resources-and genius-at his disposal. And when his computer program leads Eve to the location of the sniper, she learns a shocking fact: There were two-one older, one younger. Someone is being trained by an expert in the science of killing, and they have an agenda. Central Park was just a warm-up. And as another sniper attack shakes the city to its core, Eve realizes that though we're all shaped by the people around us, there are those who are just born evil...

When he pried it apart, highly toxic airborne fumes entered his body-and killed him. After Eve Dallas calls the hazmat team-and undergoes testing to reassure both her and her husband that she hasn't been exposed-it's time to look into Dr. Abner's past and relationships. Not every victim Eve encounters is an angel, but it seems that Abner came pretty close-though he did ruffle some feathers over the years by taking stands for the weak and defenseless. While the lab tries to identify the deadly toxin, Eve hunts for the sender. But when someone else dies in the same grisly manner, it becomes clear that she's dealing with either a madman-or someone who has a hidden and elusive connection to both victims. Abandoned in Death Aug 31 2022 Homicide detective Eve Dallas must untangle a twisted family history while a hostage's life hangs in the balance—in *Abandoned in Death* by New York Times bestselling author J. D. Robb. The woman's body was found in the early morning, on a bench in a New York City playground. She was clean, her hair neatly arranged, her makeup carefully applied. But other things were very wrong—like the tattoo and piercings, clearly new. The clothes, decades out of date. The fatal wound hidden beneath a ribbon around her neck. And the note: *Bad Mommy*, written in crayon as if by a child. Eve Dallas turns to the department's top profiler, who confirms what seems obvious to Eve: They're dealing with a killer whose childhood involved some sort of trauma—a situation Eve is all too familiar with herself. Yet the clues suggest a perpetrator who'd be roughly sixty years old, and there are no records of old crimes with a similar MO. What was the trigger that apparently reopened such an old wound and sent someone over the edge? When Eve discovers that other young women—who physically resemble the first victim—have vanished, the clock starts ticking louder. But to solve this case she will need to find her way into a hidden place of dim light and concrete, into the distant past, and into the cold depths of a shattered mind.
