The End of Japanese Cinema Jul 21 2019 In *The End of Japanese Cinema* Alexander Zahltén moves film theory beyond the confines of film itself, attending to the emergence of new kinds of aesthetics, politics, temporalities, and understandings of film and media. He traces the evolution of a new media ecology through deep historical analyses of the Japanese film industry from the 1960s to the 2000s. Zahltén focuses on three popular industrial genres: Pink Film (independently distributed softcore pornographic films), Kadokawa (big-budget productions as part of a transmedia strategy), and V-Cinema (direct-to-video films). He examines the conditions of these films' production to demonstrate how the media industry itself becomes part of the politics of the media text and to highlight the complex negotiation between media and politics, culture, and identity in Japan. Zahltén points to a different history of film, one in which a once-powerful film industry transformed into becoming only one component within a complex media-mix ecology. In so doing, Zahltén opens new paths for uncovering similar broad processes in other large media societies. A Study of the Weatherhead East Asian Institute, Columbia University

Ruin Porn and the Obsession with Decay Nov 17 2021 This collection is the first book to comprehensively analyse the relatively new and under-researched phenomenon of 'ruin porn'. Featuring a diverse collection of chapters, the authors in this work examine the relevance of contemporary ruin and its relationship to photography, media, architecture, culture, history, economics and politics. This work investigates the often ambiguous relationship that society has with contemporary ruins around the world, challenging the notions of authenticity that are frequently associated with images of decay. With case studies that discuss various places and topics, including Detroit, Chernobyl, Pitcairn Island, post-apocalyptic media, online communities and urban explorers, among many other topics, this collection illustrates the nuances of ruin porn that are fundamental to an understanding of humanity's place in the overarching narrative of history.

A Concordance to the Poems and Plays of Robert Browning Nov 05 2020 This Concordance to the poems and plays of Robert Browning is available in seven sturdy buckram volumes, printed on acid-free paper designed to last for decades. This handsome scholarly tool is keyed to the widely-used and editorially-reliable texts and variants found in Robert Browning: *The Poems*, edited by T.J. Collins and John Pettigrew, 2 vols (1981: Penguin and Yale), *Robert Browning: The Ring and the Book*, edited by Richard Altick, (1971: Penguin; 1981: Yale), and *The Plays of Robert Browning*, edited by T.J. Collins and R.J. Shroyer (Garland, 1988).

The Future of Post-Human Sexuality Oct 16 2021 What precisely resides in "sexuality" which warrants the popular discourse on sexuality as "part of our world freedom," or something as an inspiring source for "our own creation" of "new forms of relationships" or "new forms of love" never before possible in human history? This popular treatment of sexual freedom has become so politically correct, in this day and age of ours, that it fast degenerates into a seductive ideology which has impoverished our understanding of sexuality by blinding us from its dark sides. Contrary to this intoxicating conventional wisdom, the dark sides of this seductive ideology have yet to be systematically understood and that its very creative freedom is neither possible nor desirable to the extent that its advocates would like us to believe. Of course, this is not to suggest that sexuality should not be about freedom nor creativity, or that the literature in sexual studies (and other related fields like gender studies, queer studies, and cultural studies, for example) should be ignored because of their scholarly nonsense. Needless to say, neither of these two extreme views is reasonable either. Instead, the purpose of this book is to provide an alternative (better) way to understand the nature of sexuality, in special relation to the sexual body and spirit, in conjunction with the mind—while learning from different approaches in the literature but without favoring any one of them (nor integrating them, since they are not necessarily compatible with each other). This seminal project, if successful, will fundamentally change the way that we think about the nature of sexuality, from the combined perspectives of the mind, nature, society, and culture, with enormous implications for the human future and what I originally called its "post-human" fate.

Madness and Magic (2 Short Story Indulgences in 1) Mar 09 2021 In this set of paranormal indulgences the madness of love is as

Hot Seat Series Jun 24 2022 Sacred-valuable-priceless-precious. This is what god wants you to know about your soul and the gift of love and sex. He has a plan for your well-being, which includes living in true love, joy, and peace. He wants you to develop virtue, godly character, nobility, courage, and to have fellowship with Him. If you cheapen yourself and the gift of sexual intimacy, you will open the door in your life to pain, sorrow, sickness, and death. You will exchange that which is costly for something dark and filthy. Your relationship with God and with others will be ruined. Many today are pushing the lie that there are no boundaries on sexual intimacy. Hundreds of millions of people have been led into lifestyles that will destroy them and their families. Your physical, mental, and spiritual well-being will be determined in a large part by how you handle this God-given gift of sex. 2 42

Why Cities Look the Way They Do Feb 26 2020 We tend to think cities look the way they do because of the conscious work of architects, planners and builders. But what if the look of cities had less to do with design, and more to do with social, cultural, financial and political processes, and the way ordinary citizens interact with them? What if the city is a process as much as a design? Richard J. Williams takes the moment construction is finished as a beginning, tracing the myriad processes that produce the look of the contemporary global city. This book is the story of dramatic but unforeseen urban sights: how financial capital spawns empty towering skyscrapers and hollowed-out ghettos; how the zoning of once-illicit sexual practices in marginal areas of the city results in the reinvention of culturally vibrant gay villages; how abandoned factories have been repurposed as creative hubs in a precarious postindustrial economy. It is also the story of how popular urban clichés and the fictional portrayal of cities powerfully shape the way we read and see the bricks, concrete and glass that surround us. Thought-provoking and original, *Why Cities Look the Way They Do* will appeal to anyone who wants to understand the contemporary city, shedding new light on humanity's greatest collective invention.

My Lemon Orchard May 31 2020 Susan Hanf was dumped by her boyfriend, clobbered by the flu, and fired from her job all in one week. When the phrase, "When life hands you lemons " passed through her mind, she skipped right over making lemonade and planted a whole lemon orchard. Susan sold her house, kissed her cat goodbye, and visited sixteen countries and the magnificent isles of Hawaii all in one year. Her unexpected and amazing journeys include floating amongst jellyfish and sharks in Palau, swimming with wild dolphins in New Zealand, and meditating with monks in South Korea. *My Lemon Orchard* chronicles Susan's personal growth as she strolls the streets of the world. Along the way, she shares international travel lessons, laugh-out-loud humor, and advice on how to handle "interesting" locals. Come away with Susan on her journey to Vienna for Christmas, to Ireland for a kiss on the Blarney Stone, and to Turkey to snorkel with exotic sea creatures. You will adore her honesty and courage as she blazes her trail across the world. Who knows? Perhaps you too will be inspired to plant your own orchard!

[The Astrogatrix \(Transparent Ones Book 2\)](#) Apr 10 2021 Drina thought her Mars business was as dead and buried as her military career. She was content to live out her life in drunken peace and harmony in a shack on the Mayan Riviera. Then her old nemesis General Baptiste showed up with an unreasonable request: rejoin the UFW and come to Mars with them in a final push to defeat the rebellious and evil Free Mars Republic. As Drina faces down the unanswered questions of her past she meets up with the strange residents of the red planet: a grizzled crazy photographer, a boy soldier who looks exactly like her dead husband and a ragtag group of kids led by a pair of enigmatic, cigar-smoking twin 11 year old boys. But once she's captured by the FMR the real horror begins. For Drina is about to meet the creature that killed her husband. The same ancient creature intent on taking Earth as its new homebase for an invasion of the galaxy.

Closing the Window Oct 24 2019 Pornography is everywhere, and many Christians have fallen prey to its snare. Tim Chester believes we can be captured by a better vision—a liberating confidence that God offers more than pornography does. Moving beyond pat answers or mere willpower, Chester offers spiritual, practical and corporate resources for living porn free.

Bodies of Work Jun 19 2019 This book is a timely and innovative exploration of the vital relationship between sex and capitalism in the digital

age. It provides a lively, provocative analysis of how specifically digital forms of capitalist accumulation and labour shape and discipline the contemporary sexual body. Rebecca Saunders focuses on pornography in order to investigate the impact of digital forms of capitalism on contemporary sexuality and reveals the centrality of pornography to the digital attention economy, affective economics, the information economy, the creative industries and neoliberalism. Saunders uncovers a fundamental shift in the aesthetics and meaning of pornographic film, from a genre concerned with representing sexual pleasure to one that has become focused on representing sex as labour. Contemporary pornographic film is therefore read as a sign and symptom of how digital forms of capitalism regulate the twenty-first century sexual body through digital interfaces and technologies. Bodies of Work analyses major porn studios, dominant streaming platforms, significant directors and performers and queer and alternative pornographies, and presents new and significant concepts such as sexual datafication, the labour of visibility and interventionist pornography. Discussing pornographic film, sexuality, digital culture, labour and capitalism, this book will be of interest to students and scholars across gender studies, media and cultural studies, digital humanities and economics.

What's Wrong with a Little Porn When You're Single? May 23 2022 "I know porn is wrong for a married person, but I'm single. What can it hurt?" The accessibility of pornography through the Internet means that more singles are asking themselves if porn use really matters. But Nicholas Black of Harvest USA, a ministry for people struggling with sexual issues, explains how porn isolates singles from healthy relationships, sabotages their future marriages, and can lead to sexual addiction. Black calls singles to turn from porn and grow healthy, rich relationships with God and others. Using seven practical steps, he equips singles to recognize what underlies their temptation to use porn, fight for obedience with hope, and rely on God for cleansing and a new start.

A Free Spirit's Search for Enlightenment 2: (Feel Boundless Energy & Infinite Possibilities When You Tap Into Your Natural Life Force) Jul 25 2022 The only way to keep a strong spirit day by day is to discover who you are in your true nature then make a decision that you will honor that essence by releasing a load of that natural energy everyday to meet that inner standard inside of you. I wrote *A Free Spirit's Search for Enlightenment* about how to live the greatest life possible after I discovered the only way I could be happy day after day in the esthetic-euphoric-spiritual-loving sense is to release most of the natural energy inside of me everyday to honor the standard that I was born with. If I didn't do this, I would feel miserable which is why I have no choice but to constantly keep releasing whatever inspired power lives inside of me. It's the only way to live a great life in harmony with your true nature. Now that I'm getting older, I find fear creeping in.

Reclaiming the Lost Life: Overcoming Emptiness and Self-Defeating Lifestyles Oct 28 2022 Emptiness is our appetite for meaning and purpose. Sometimes Christians get lost or sidetracked and give up as they find themselves defeated and untouched by their Christian faith. Many Christians feed their emptiness in two major ways: unhealthy relationships or intense, acting out behavior. This book is written with the hope that the reader may learn how to become integrated within him or herself by learning to become integrated in Christ. "With a gifted intellectual and caring Christian heart, this effective mental health counselor has written an insightful and compelling book designed to help people of faith overcome compulsive and self-destructive drives arising out of relational brokenness. It is a rare combination of sound theology, deep spirituality, and wise psychology. *Reclaiming the Lost Life* is a rare gem! I highly recommend the book to those suffering from self-destructive behaviors, as well as to loved ones and mental health professionals working with them." -Dr. Elmer M. Colyer, professor of systematic theology, the University of Dubuque Theological Seminary, Dubuque, Iowa "James Dauer is a straight shooter who gets to the heart of the matter from the very beginning. Through this book James gives everyday, practical advice and examples. As I read it, I felt like I had met the characters personally. James gives us the way forward with them and with ourselves. If we look honestly, we can really learn how to find the direction for our journey." -Pastor Dan Kellog, Gold Creek Community Church, Mill Creek, Washington

A Titus 2 Woman Jun 12 2021 Likewise, teach the older women to be reverent in the way they live, not to be slanderers or addicted to much wine, but to teach what is good. Then they can urge younger women to love their husbands and children, to be self-controlled and pure, to be busy at home, to be kind, and to be subject to their husbands, so that no one will malign the word of God. (Titus 2:3aEUR'5) A Titus 2 Woman is a breaking apart of these few verses in Titus 2. Not expecting women to be the perfect version of this woman, but to align our hearts with God's (tm)s and allow the Holy Spirit to transform us into this woman. This book is a lot of my real life on a platter. My mistakes, my failures, my dreams, and my passion. My prayer in being so vulnerable and real with you is to create a revolution of generations of women who want to live their lives in reverence of the Lord and then teach younger women the importance of this. We get to leave a legacy behind in this world; mine is simply to love others and love God. In this, my passion is fueled by God's (tm)s dream for my life from the very beginning. This book reveals amazing things God spoke to me, my lack of confidence in myself, and best of all, what it looks like to be obedient to our purpose in life! This, A Titus 2 Woman, is my purpose. I pray it blesses you.

Stand Up, Stand Strong Feb 20 2022 If we live according to the gospel, we're going to make waves. Why? Because the way of Christ is countercultural. It doesn't go with the flow, compromise on truth, or stay silent in the face of injustice--so neither can we. No matter how young or old we are, or how much or how little influence we think we have, God calls us to boldly engage our upside-down culture through the lens of his truth. With powerful examples from Scripture and stories from teens today and through the centuries, Sara Barratt equips teens to live with a biblical worldview, approach today's hot-button issues with godly wisdom, and influence their generation for the glory of God. Tackling tough topics like sexuality, addiction, identity, media, and much more, Sara offers practical ways to stay rooted in God's truth while engaging culture with the redemptive story of the gospel--no matter the cost.

Life-Destroying Diagrams Dec 26 2019 In *Life-Destroying Diagrams*, Eugenie Brinkema brings the insights of her radical formalism to bear on supremely risky terrain: the ethical extremes of horror and love. Through close readings of works of film, literature, and philosophy, she explores how diagrams, grids, charts, lists, abecedaria, toroids, tempos, patterns, colors, negative space, lengths, increments, and thresholds attest to formal logics of torture and cruelty, violence and finitude, friendship and eros, debt and care. Beginning with a wholesale rethinking of the affect of horror, orienting it away from entrenched models of feeling toward impersonal schemes and structures, Brinkema moves outward to consider the relation between objects and affects, humiliation and metaphysics, genre and the general, bodily destruction and aesthetic

generation, geometry and scenography, hatred and value, love and measurement, and, ultimately, the tensions, hazards, and speculative promise of formalism itself. Replete with etymological meditations, performative typography, and lyrical digressions, *Life-Destroying Diagrams* is at once a model of reading without guarantee and a series of generative experiments in the writing of aesthetic theory.

The Longing for Less Aug 22 2019 New York Times Book Review Editor's Choice "More than just a story of an abiding cultural preoccupation, *The Longing For Less* peels back the commodified husk of minimalism to reveal something surprising and thoroughly alive." -Jenny Odell, author of *How to Do Nothing* "Less is more": Everywhere we hear the mantra. Marie Kondo and other decluttering gurus promise that shedding our stuff will solve our problems. We commit to cleanse diets and strive for inbox zero. Amid the frantic pace and distraction of everyday life, we covet silence-and airy, Instagrammable spaces in which to enjoy it. The popular term for this brand of upscale austerity, "minimalism," has mostly come to stand for things to buy and consume. But minimalism has richer, deeper, and altogether more valuable gifts to offer. Kyle Chayka is one of our sharpest cultural observers. After spending years covering minimalist trends for leading publications, he now delves beneath this lifestyle's glossy surface, seeking better ways to claim the time and space we crave. He shows that our longing for less goes back further than we realize. His search leads him to the philosophical and spiritual origins of minimalism, and to the stories of artists such as Agnes Martin and Donald Judd; composers such as John Cage and Julius Eastman; architects and designers; visionaries and misfits. As Chayka looks anew at their extraordinary lives and explores the places where they worked-from Manhattan lofts to the Texas high desert and the back alleys of Kyoto-he reminds us that what we most require is presence, not absence. The result is an elegant new synthesis of our minimalist desires and our profound emotional needs.

The Death of Porn Dec 18 2021 Your Battle against Porn Isn't about Porn. It's about Hope. Pornography may seem inescapable, but God can free us from its destructive power. The gospel replaces the dehumanizing lies of pornography with this surprising truth: God created us as royalty. How then can we reclaim our God-given identity to take a stand against—and ultimately starve—the predatory porn industry? In *The Death of Porn*, Ray Ortlund writes six personal letters, as from a father to his son. Ideal for individuals and small groups, it will give hope to men who have been misled by porn into devaluing themselves and others. Through Scripture and personal stories, Ortlund assures readers that God loves them the most tenderly in their moments of deepest shame. *The Death of Porn* inspires men to come together in new ways to fight the injustice of porn and build a world of nobility for every man and woman—for the sake of future generations.

The Future of Post-Human Culinary Art Feb 08 2021 Is culinary art really so exact that, as Delia Smith once wrote, "cooking is an exact art and not some casual game"? (BQ 2012) This exact view of cooking can be contrasted with an opposing observation by Tom Jaine, when he argued that, "if cooking becomes an art form rather than a means of providing a reasonable diet, then something is clearly wrong." (BQ 2012a) Contrary to these opposing views (and other ones as will be discussed in the book), culinary art, in relation to both ingredients and techniques, is neither possible or impossible, nor desirable or undesirable, to the extent that the respective ideologues on different sides would like us to believe. Needless to say, this challenge to the opposing views of cooking does not mean that culinary art has no practical value, or that those interdisciplinary fields (related to culinary art) like food science, nutritional economics, food chemistry, food aesthetics, the ethics of killing for food, molecular gastronomy, food rheology, food photography, Shechita, the science of aphrodisiacs, and so on, are unimportant. Of course, neither of these extreme views is reasonable. Rather, this book offers an alternative, better way to understand the future of culinary art, especially in the dialectic context of ingredients and techniques—while learning from different approaches in the literature but without favoring any one of them or integrating them, since they are not necessarily compatible with each other. More specifically, this book offers a new theory (that is, the inquisitive theory of culinary art) to go beyond the existing approaches in a novel way. If successful, this seminal project is to fundamentally change the way that we think about culinary art in relation to ingredients and techniques from the combined perspectives of the mind, nature, society, and culture, with enormous implications for the human future and what the author originally called its "post-human" fate.
