Planning in Plain English Nov 21 2021 In this volume, the author draws from more than a decade of editing experience to explain how to craft clear, understandable, and highly readable planning documents. The author suggests ways to overcome planners' most common writing foibles: acronymns, jargon, and overuse of the passive voice. And the author provides handy lists to transform mushy nouns into powerful verbs, pare down bloated sentences, and translate ""bureaucratese"" into everyday language. The author even includes practice exercises designed to help you recognize and overcome bad writing habits. But even the best writing skills won't help if your document is organized poorly and aimed at the wrong audience. The author also explains why it's essential to know who your readers are before you start writing and how to organize your work so that it will be easy to understand and use."

How to Write Plain English Feb 10 2021 Tackling the obfuscation inherent in legal language, Flesch isolates the elements in legal writing that make most documents beyond the layman's comprehension and offers remedies for each obstacle to easy reading and understanding

Banishing Bureaucratese Jun 24 2019 How to apply principles of good writing to government workplace writing.

The Impact of Plain Language on Legal English in the United Kingdom Sep 19 2021 This volume offers insights into the ways in which plain language has influenced the language of the law in the United Kingdom, critically reflecting on its historical development and future directions. The book opens with an overview of the theoretical frameworks underpinning plain language and a brief history of plain language initiatives as a foundation from which to outline ongoing debates on the opportunities and challenges of using plain language in the legal domain. The volume details strands where plain language has had considerable impact thus far on legal English in the UK, notably in legislative drafting, but it also explores areas in which plain language has made fewer inroads, such as the language of court judgments and that of online terms and conditions. The book looks ahead to unpack highly topical areas within the plain language debate, including the question of design and visualisation and the ramifications of digitalisation, contributing to ongoing conversations on the importance of plain language both in the UK and beyond. This book will be of particular interest to students and scholars interested in the intersection of language and the law as well as related disciplinary areas such as applied linguistics and English for Specific Purposes.

Legal Language Jun 16 2021 This history of legal language slices through the polysyllabic thicket of legalese. The text shows to what extent legalese is simply a product of its past and demonstrates that arcane vocabulary is not an inevitable feature of our legal system.

Plain English for Lawyers Jul 26 2019

Letting Go of the Words Mar 14 2021 "Learn how to have great conversations through your site or app. Meet your business goals while satisfying your site visitors' needs. Plain Language Jul 30 2022 Virginia Mendenhall, a Quaker from North Carolina, is thirty-three years old when she travels to the arid plains of eastern Colorado in the mid-1930s to marry Alfred Bowen, ten years her senior. They have met only twice and have come to love each other through letters. Now, on an isolated ranch in the Dust Bowl, they must adjust to the harsh ranching life and the dangers of an untamed landscape, as well as the differences between them. With an extended drought worsening the impact of the Depression in the West, neighbors turn against neighbors, and secrets from Alfred and Virginia's pasts come back to haunt them. But it is the arrival of Virginia's troubled brother on the ranch that sets off a chain of events with life-and-death consequences for them all. *Plain Language* is a beautifully told tale of a man and woman fighting against tremendous odds for their land -- and their love.

Church History in Plain Language Nov 02 2022 Traces the history of the Church, focusing on the motivations of its founders, conflicts, key figures, and defining events over the centuries.

Church History in Plain Language May 28 2022 With more than 275,000 copies sold, this is the story of the Church for today's readers. This third edition improves the most engaging and readable single-volume history of the Church by bringing the story into the twenty-first century. Faced with some astonishing changes in the Islamic world, a global resurgence of Roman Catholicism, the decline of Christianity in the West coupled with the rapid growth of evangelical and Pentecostal Christianity in the southern and eastern hemispheres, readers need a current explanation with intellectual substance that will provide historical context and update readers on all these new developments. The new edition of *Church History in Plain Language* does that in a stimulating manner, and it promises to be the new standard for readable Church History. Features include: Includes contemporary developments, such as the growth of Christianity in China and the rise of global Islam

Records of the Three Kingdoms in Plain Language Feb 22 2022 The saga of the Three Kingdoms—which recounts the dramatic story of the civil wars (ca. 180–220 CE) that divided the old Han Empire into the Shu, Wei, and Wu states—remains as popular as ever in China, having served as the basis of not only traditional operas and ballads, but also, in more recent years, of movies, television dramas, and video games. Translated into English for the first time here, the *Sanguozhi pinghua* (thirteenth century CE) provides a complete and fast-paced narrative account of the events of the period, from the beginning of the civil wars to the demise of the Three Kingdoms and the short-lived reunification of the realm by the Jin dynasty. Shorter, clearer, and more accessible to Western audiences than Luo Guanzhong's later, greatly expanded *Romance (Sanguo yanyi)*—and beautifully rendered in this edition by two modern-day masters of the art of Chinese literary translation—the *Records of the Three Kingdoms in Plain Language* provides an ideal introduction to one of the foundational Chinese epic traditions. Tables of major Chinese dynasties and reigns, a guide to understanding formal Chinese naming conventions, a glossary of Chinese names and terms, and reproductions of some woodcuts from the original edition of the text are included.

A Plain English Handbook Dec 23 2021

Plain Language in Plain English Jun 28 2022 This book shows you how to write for customers and clients in language that's™ easy to understand. It is a thorough companion to the writing process, with comprehensive guidance and advice on understanding your readers, planning and creating your text, and presenting your words in a good design. The contributor list reads like a who's™ who of plain language experts. *Plain Language in Plain English* is a valuable resource for governments, businesses, service providers, and professionals in any field to improve their communication. From organizational guidelines, literacy awareness, and reader expectations, to effective speaking strategies for presentations, *Plain Language in Plain English*, is a comprehensive tool to have in your communication toolbox.

Crocheting in Plain English Apr 02 2020 The definitive classic on crocheting for years, the first edition of *Crocheting in Plain English* equipped readers with easy-to-follow, friendly advice on creating their dream crochets. A lifelong crocheting teacher and designer, Maggie Righetti offered both basic principles and step-by-step instructions to get crocheters started and to perfect their techniques. In this latest edition, completely updated and revised for today's crocheter, Righetti dispenses more of her invaluable wisdom, covering virtually everything you need to know about crochet, including: * Selecting threads and yarns * Determining gauge * Working with the right tools * How to interpret patterns and instructions * Increasing and decreasing stitches * How to fix mistakes * Basic stitches (chain, double, treble, slip) * Sixteen different fabric pattern stitches * Assembling the finished product * How to block, clean, and care for crocheted articles * And much, much more! Each technique is illustrated with clear drawings, charts, or photos. Complete with a new introduction and a detailed glossary of crochet terms, *Crocheting in Plain English* is one sourcebook no crocheter should do without.

Plain Language and Ethical Action May 16 2021 *Plain Language and Ethical Action* examines and evaluates principles and practices of plain language that technical content producers can apply to meet their audiences' needs in an ethical way. Applying the BUROC framework (Bureaucratic, Unfamiliar, Rights-Oriented, and Critical) to identify situations in which audiences will benefit from plain language, this work offers in-depth profiles show how six organizations produce effective plain-language content. The profiles show plain-language projects done by organizations ranging from grassroots volunteers on a shoe-string budget, to small nonprofits, to consultants completing significant federal contracts. End-of-chapter questions and exercises provide tools for students and practitioners to reflect on and apply insights from the book. Reflecting global commitments to plain language, this volume includes a case study of a European group based in Sweden along with results from interviews with plain-language experts around the world, including Canada, England, South Africa, Portugal, Australia, and New Zealand. This work is intended for use in courses in information design, technical and professional communication, health communication, and other areas producing plain language communication. It is also a crucial resource for practitioners developing plain-language technical content and content strategists in a variety of fields, including health literacy, technical communication, and information design.

Plain Language : Clear and Simple : Trainer's Guide Jun 04 2020 "*Plain Language: Clear and Simple--Trainer's Guide*" is an invaluable resource for people who lead training programs in a plain language approach to communication. A plain language approach involves understanding the needs of the readers, and then writing, revising and testing documents to make sure the documents meet those needs. The nine modules in this guide, meant for a two-day course, help participants build skills in these areas. There are eight types of material in this guide: text, examples, exercises, tips for trainers, overhead transparency masters, a checklist, handouts, and references. This training guide is meant to complement the publication "*Plain Language: Clear and Simple.*" After the course, participants can use "*Plain Language: Clear and Simple*" as an effective reference tool that provides a summary of the key concepts developed in this training guide. "*Plain Language: Clear and Simple*" is a Government of Canada publication first published in 1991. The accompanying "*Plain Language: Clear and Simple--Trainer's Guide*" followed in 1994. Despite their age, they are still among the best resources for writers and editors who want to communicate efficiently. Because the department that first produced these guides no longer exists, plain language advocates are making them available on a cost-recovery basis, as allowed by Crown Copyright and Licensing. A French version of this guide, "*Pour un style clair et simple*," is also available. Find a free PDF of this guide on the Clear Communication Wiki at <http://clear-communication.wikia.com/wiki/Training>.

The Daily Show (The Book) Apr 14 2021 NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from

legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Church History in Plain Language Oct 01 2022 It's about time that someone wrote church history that tells about people, not just about "eras" and "ages." Church History in Plain Language taps the roots of our Christian family tree. It combines authoritative research with a captivating style to bring our heritage home to us.

The General Data Protection Regulation in Plain Language Oct 28 2019 The General Data Protection Regulation in Plain Language is a guide for anyone interested in the much-discussed rules of the GDPR. In this legislation, which came into force in 2018, the European Union meticulously describes what you can and cannot do with data about other people. Violating these rules can lead to a fine of up to 20 million euros. This book sets out the most important obligations of individuals and organisations that process data about others. These include taking technical security measures, carrying out an impact assessment and registering all data-processing procedures within an organisation. It also discusses the rights of citizens whose data are processed, such as the right to be forgotten, the right to information and the right to data portability.

The Standard of Usage in English Jul 06 2020

The Federalist Papers Jan 12 2021 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Church History in Plain Language Workbook Sep 27 2019 Over 330,000 copies sold. This is the story of the church for today's readers. Bruce Shelley's classic history of the church brings the story of global Christianity into the twenty-first century. Like a skilled screenwriter, Shelley begins each chapter with three elements: characters, setting, plot. Taking readers from the early centuries of the church up through the modern era he tells his readers a story of actual people, in a particular situation, taking action or being acted upon, provides a window into the circumstances and historical context, and from there develops the story of a major period or theme of Christian history. Covering recent events, this book also: Details the rapid growth of evangelical and Pentecostal Christianity in the southern hemisphere Addresses the decline in traditional mainline denominations Examines the influence of technology on the spread of the gospel Discusses how Christianity intersects with other religions in countries all over the world For this fifth edition, Marshall Shelley brought together a team of historians, historical theologians, and editors to revise and update this father's classic text. The new edition adds important stories of the development of Christianity in Asia, India, and Africa, both in the early church as well as in the twentieth and twenty-first centuries. It also highlights the stories of women and non-Europeans who significantly influenced the development of Christianity but whose contributions are often overlooked in previous overviews of church history. This concise book provides an easy-to-read guide to church history with intellectual substance. The new edition of Church History in Plain Language promises to set a new standard for readable church history.

Oxford Guide to Plain English Aug 19 2021 Plain English is an essential tool for effective communication. Information transmitted in letters, documents, reports, contracts, and forms is clearer and more understandable when presented in straightforward terms. The Oxford Guide to Plain English provides authoritative guidance on how to write plain English using easy-to-follow guidelines which cover straightforward language, sentence length, active and passive verbs, punctuation, grammar, planning, and good organization. This handy guide will be invaluable to writers of all levels. It provides essential guidelines that will allow readers to develop their writing style, grammar, and punctuation. The book also offers help in understanding official jargon and legalese giving the plain English alternatives. This guide gives hundreds of real examples and shows 'before and after' versions of texts of different kinds which will help readers to look critically at their own writing. Helpfully organized into 21 short chapters, each covering a different aspect of writing. Clearly laid out, and easy to use, the Oxford Guide to Plain English is the best guide to writing clear and helpful documents.

Demystifying Disability Nov 09 2020 An approachable guide to being a thoughtful, informed ally to disabled people, with actionable steps for what to say and do (and what not to do) and how you can help make the world a more inclusive place ONE OF THE BEST BOOKS OF THE YEAR: NPR, Booklist • "A candid, accessible cheat sheet for anyone who wants to thoughtfully join the conversation . . . Emily makes the intimidating approachable and the complicated clear."—Rebekah Taussig, author of *Sitting Pretty: The View from My Ordinary, Resilient, Disabled Body* People with disabilities are the world's largest minority, an estimated 15 percent of the global population. But many of us—disabled and nondisabled alike—don't know how to act, what to say, or how to be an ally to the disability community. *Demystifying Disability* is a friendly handbook on the important disability issues you need to know about, including: • How to appropriately think, talk, and ask about disability • Recognizing and avoiding ableism (discrimination toward disabled people) • Practicing good disability etiquette • Ensuring accessibility becomes your standard practice, from everyday communication to planning special events • Appreciating disability history and identity • Identifying and speaking up about disability stereotypes in media Authored by celebrated disability rights advocate, speaker, and writer Emily Ladau, this practical, intersectional guide offers all readers a welcoming place to understand disability as part of the human experience. Praise for *Demystifying Disability* "Whether you have a disability, or you are non-disabled, *Demystifying Disability* is a MUST READ. Emily Ladau is a wise spirit who thinks deeply and writes exquisitely."—Judy Heumann, international disability rights advocate and author of *Being Heumann* "Emily Ladau has done her homework, and *Demystifying Disability* is her candid, accessible cheat sheet for anyone who wants to thoughtfully join the conversation. A teacher who makes you forget you're learning, Emily makes the intimidating approachable and the complicated clear. This book is a generous and needed gift."—Rebekah Taussig, author of *Sitting Pretty: The View from My Ordinary Resilient Disabled Body*

Plain Language Legal Writing Apr 26 2022 A complete guide to clean, precise and understandable legal writing So many books give you advice that turns out to be hollow: "know your audience," "structure your writing." The real strength in *Plain Language Legal Writing* is how, throughout, Stephens provides clear instructions on how to accomplish what she's recommending. Instead of just telling you to plan what you're going to write, she walks you step-by-step through the planning. Instead of telling you to consider your audience before writing, she describes in detail the sorts of audiences a legal document might have (more than you'd expect!) and how to best meet their needs. *Plain Language Legal Writing* will help you produce documents that people are willing to read and able to understand. More: PlainLanguageLegalWriting.com Other versions: e-book

Writing in Plain English May 04 2020 A guide for writing plain English prepared by the Department of Arts, Sport, the Environment, Tourism and Territories. Although designed specifically for public servants it can also be used as both an instructor's handbook and a self-help manual. Includes a glossary of plain English alternatives.

Multilevel Modeling in Plain Language Oct 21 2021 Have you been told you need to do multilevel modeling, but you can't get past the forest of equations? Do you need the techniques explained with words and practical examples so they make sense? Help is here! This book unpacks these statistical techniques in easy-to-understand language with fully annotated examples using the statistical software Stata. The techniques are explained without reliance on equations and algebra so that new users will understand when to use these approaches and how they are really just special applications of ordinary regression. Using real life data, the authors show you how to model random intercept models and random coefficient models for cross-sectional data in a way that makes sense and can be retained and repeated. This book is the perfect answer for anyone who needs a clear, accessible introduction to multilevel modeling.

Sarah, Plain and Tall Oct 09 2020 "Did Mama sing every day?" Caleb asks his sister Anna. "Every-single-day," she answers. "Papa sang, too." Their mother died the day after Caleb was born. Their house on the prairie is quiet now, and Papa doesn't sing anymore. Then Papa puts an ad in the paper, asking for a wife, and he receives a letter from one Sarah Elisabeth Wheaton, of Maine. Papa, Anna, and Caleb write back. Caleb asks if she sings. Sarah decides to come for a month. She writes Papa: I will come by train. I will wear a yellow bonnet. I am plain and tall, and Tell them I sing. Anna and Caleb wait and wonder. Will Sarah be nice? Will she like them? Will she stay?

Firestick Ecology: Faidinkum Science in Plain English Nov 29 2019 Aborigines came to Australia and burnt out most of the trees and bushes. The megafauna starved whilst eucalypts, herbs, grasses and mesofauna flourished. The ancient culture survived an ice age, global warming and hugely rising seas, forging economies in woodlands and deserts. Europeans doused the firestick, woodlands turned to scrub, mesofauna perished, megafires and tree-eaters irrupted. Foresters rekindled the firestick and greens stole it. Megafires and declines are back with a vengeance whilst ecologists dream-up reasons not to burn. Ecological history shows that we must apply the firestick frequently, willingly and skillfully to restore a healthy, safe environment and economy.

History of Language Dec 11 2020 It is tempting to take the tremendous rate of contemporary linguistic change for granted. What is required, in fact, is a radical reinterpretation of what language is. Steven Roger Fischer begins his book with an examination of the modes of communication used by dolphins, birds and primates as the first contexts in which the concept of "language" might be applied. As he charts the history of language from the times of Homo erectus, Neanderthal humans and Homo sapiens through to the nineteenth century, when the science of linguistics was developed, Fischer analyses the emergence of language as a science and its development as a written form. He considers the rise of pidgin, creole, jargon and slang, as well as the effects radio and television, propaganda, advertising and the media are having on language today. Looking to the future, he shows how electronic media will continue to reshape and re-invent the ways in which we communicate. "[a] delightful and unexpectedly accessible book ... a virtuoso tour of the linguistic world."—The Economist "... few who read this remarkable study will regard language in quite the same way again."—The Good Book Guide

The Heathen Chinee Sep 07 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. Common Sense Aug 07 2020 Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections

Lifting the Fog of Legalese Dec 31 2019 "Professor Joseph Kimble, a leading expert on plain language, has collected in this one book many of his published essays. They will interest and inform judges, lawyers, law students, legal scholars, and anyone else who engages in legal writing."--BOOK JACKET.

Christian Theology in Plain Language Jan 24 2022

Legal Writing in Plain English, Second Edition Jul 18 2021 Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward.

Writing for Dollars, Writing to Please Mar 26 2022 This book seeks to change public and legal writing—by making the ultimate case for plain language. The book gathers a large body of evidence for two related truths: using plain language can save businesses and government agencies a ton of money, and plain language serves and satisfies readers in every possible way. The book also debunks the ten biggest myths about plain writing. And it looks back on 40 highlights in plain-language history. Professor Joseph Kimble is a leading international expert on this subject. Here is the book that sums up his important work. His message is vital to every government writer, business writer, and attorney.

Natural Right and History Mar 02 2020 In this classic work, Leo Strauss examines the problem of natural right and argues that there is a firm foundation in reality for the distinction between right and wrong in ethics and politics. On the centenary of Strauss's birth, and the fiftieth anniversary of the Walgreen Lectures which spawned the work, *Natural Right and History* remains as controversial and essential as ever. "Strauss . . . makes a significant contribution towards an understanding of the intellectual crisis in which we find ourselves . . . [and] brings to his task an admirable scholarship and a brilliant, incisive mind."—John H. Hallowell, *American Political Science Review* Leo Strauss (1899-1973) was the Robert Maynard Hutchins Distinguished Service Professor Emeritus in Political Science at the University of Chicago.

Seeing Through Legalese Aug 26 2019 This is Joseph Kimble's second book of essays. The first, published in 2006, was acclaimed as "superb," "invaluable," and "a treasure." *Seeing Through Legalese* collects his more recent writings and promises to be equally good. Kimble, now a distinguished professor emeritus, is a leading figure in the international effort to bring a clearer, plainer style to legal writing and drafting. Every lawyer,

law student, legislative drafter, and legal scholar will benefit from these essays. They are brimming with sound advice, helpful guidelines, and real-world examples (drawn in large part from his work in redrafting federal court rules). And several of them respond to the continuing false criticisms of plain legal language. Readers will find variety, inspiration, and instruction in these pages, all delivered in the author's spirited, incisive style.
