Step by Step Jan 26 2022 A great American story of an ordinary man who is living an extraordinary life, Step by Step is the inspiring personal account of Bertie Bowman's remarkable rise from farmer's son in the Jim Crow South to hearing coordinator for the Senate Foreign Relations Committee in the U.S. Capitol. In 1944, Bertie Bowman—a poor, impressionable thirteen-year-old kid, the fifth of fourteen siblings—heard South Carolina senator Burnet Maybank declare: "If you all ever get up to Washington, D.C., drop by and see me!" Though Maybank was addressing a crowd of white constituents, Bertie took those words to heart—for they offered him an invitation to a new life, a chance to escape the drudgery of the family farm and his well-meaning yet stern father. Carrying only a flour sack and his meager savings pinned inside his shirt, Bertie set out for the city "up the road" to make his mark. Surprisingly true to his word, Senator Maybank saw to it that the young runaway had a place to stay and a steady income—earned by sweeping the Capitol steps for two dollars a week. Yet what started as a janitorial position, step by step, became so much more. For sixty years, Bertie Bowman stood at the epicenter of change and witnessed history in the making: the death of FDR, World War II, Brown v. Board of Education, the Civil Rights movement, Vietnam, and Watergate. The perpetual recipient of unconditional kindness, he formed many enduring friendships with the unlikeliest of people. Presidents Lyndon B. Johnson and Bill Clinton, Senator J. William Fulbright, and even segregationist senator Strom Thurmond have been among his greatest allies. But Bowman also, in his day, encountered prejudice and the "separate but equal" doctrine, and he observed firsthand the clandestine backroom deals made in the name of democracy. However, in the embrace of the large enclave of Southern blacks who populated Washington, D.C., Bowman maintained a spirit of hopefulness. With each step, his can-do attitude made him a star, mentor, and community leader, and a strong advocate for the unsung staffers who took great pride in doing their part to keep the Capitol's wheels turning. Work hard. Be true to yourself. Take responsibility. Have a positive outlook. Expect the best from people. These are the beliefs that Bertie Bowman lives by—and as he shares his story, he also shares the lessons and values that have served him well throughout his life and career.

Second Firsts Dec 01 2019 A widowed therapist explores grief, loss, and our innate resilience, drawing on neuroscience and personal experience to lead the bereaved through the five stages of healing After studying to become a therapist and crisis intervention counselor—even doing her master's thesis on the stages of bereavement—Christina Rasmussen thought she understood grief. But it wasn't until losing her husband to cancer in her early 30s that she truly grasped the depths of sorrow and pain that accompany loss. Using the knowledge she gained while wading through her own grief and reading hundreds of neuroscience books, Rasmussen began to look at experiences in a new way. She realized that grief plunges you into a gap between worlds—the world before loss and the world after loss. She also realized how easy it is to become lost in this gap. In *Second Firsts*, Rasmussen walks you through her Life Reentry process to help you break grief's spiral of pain, so you can stop simply surviving and begin to live again. She shows you that loss can actually be a powerful catalyst to creating a life that is in alignment with your true passions and values. The resilience, strength, and determination that have gotten you through this difficult time are the same characteristics that will help you craft your wonderful new life. Her method, which she has used successfully with thousands of clients, is based on the science of neuroplasticity and focuses on consciously releasing pain in ways that both honor suffering and rewire the brain to change your perception of the world and yourself. Using practical exercises and stories drawn from her own life and those of her clients, Rasmussen guides you through five stages of healing that help you open up to new possibilities. From acknowledging your fear, to recognizing where you stand now, to taking active steps toward a new life, Rasmussen helps you move past the pain and shows that it's never too late to step out of the gap and experience life again—as if for the first time.
