Comprehending as with ease as concurrence even more than other will have the funds for each success. adjacent to, the broadcast as with ease as keenness of this Gloria K Fiero The Humanistic Tradition 6th Edition can be taken as without difficulty as picked to act.

[The Shape of Time](#) Mar 02 2020 When it was first released in 1962, *The Shape of Time* presented a radically new approach to the study of art history. Drawing upon new insights in fields such as anthropology and linguistics, George Kubler replaced the notion of style as the basis for histories of art with the concept of historical sequence and continuous change across time. Kubler's classic work is now made available in a freshly designed edition. "The Shape of Time is as relevant now as it was in 1962. This book, a sober, deeply introspective, and quietly thrilling meditation on the flow of time and space and the place of objects within a larger continuum, adumbrates so many of the critical and theoretical concerns of the late twentieth and early twenty-first century. It is both appropriate and necessary that it re-appear in our consciousness at this time."—Edward J. Sullivan, New York University This book will be of interest to all students of art history and to those concerned with the nature and theory of history in general. In a study of formal and symbolic durations the author presents a radically new approach to the problem of historical change. Using new ideas in anthropology and linguistics, he pursues such questions as the nature of time, the nature of change, and the meaning of invention. The result is a view of historical sequence aligned on continuous change more than upon the static notion of style—the usual basis for conventional histories of art. A carefully reasoned and brilliantly suggestive essay in defense of the view that the history of art can be the study of formal relationships, as against the view that it should concentrate on ideas of symbols or biography.—Harper's. It is a most important achievement, and I am sure that it will be studied for many years in many fields. I hope the book upsets people and makes them reformulate.—James Ackerman. In this brief and important essay, George Kubler questions the soundness of the stylistic basis of art historical studies. . . . *The Shape of Time* ably states a significant position on one of the most complex questions of modern art historical scholarship.—Virginia Quarterly Review.

[Steam and Gas Turbines for Marine Propulsion](#) Sep 07 2020 This book takes an operational approach to the turbine relative to its function as part of an overall power plant. It focuses on principles, essential applications, and performance rather than construction, hardware, and design variation. It provides new sections on fuels, combustion, gas properties, and turbines in the gas engine.

The Humanistic Tradition Book 5: Romanticism, Realism, and the Nineteenth-Century World Dec 11 2020 Interdisciplinary in approach and topical in focus, the sixth edition of *The Humanistic Tradition* continues to bring to life humankind's creative legacy. With more than 800 illustrations and some 150 literary sources in accessible translations, this widely acclaimed humanities survey takes a global perspective that is at once selective and engaging, and helps students better understand the relationship between world cultures. Available in multiple formats, *The Humanistic Tradition* examines the political, economic, and social contexts out of which history's most memorable achievements emerged.

[Landmarks in Humanities](#) Oct 28 2019 *Landmarks in Humanities* is a single-volume survey of global culture designed to help students of humanities, cultural history, and history of the arts to understand and appreciate the relevance of historical works and ideas to their own daily lives. In chronological sequence, *Landmarks* guides students on a journey of the most notable monuments of the human imagination and the most prominent ideas and issues that have shaped the course and character of the world's cultures from prehistory to the present. The landmarks that mark this journey are the great works of their place and time and, in some cases, of all time. The text reflects the author's extensive background in the study of Humanities, which has enabled her to craft a narrative that is at once brief and comprehensive, giving students a thorough understanding of the interrelatedness of various modes of expression—art and architecture, literature, philosophy, and music—without overwhelming them with detail. Each of the text's fifteen chapters is centered on a key idea related to the period being discussed, and contains a series of valuable pedagogical features including timelines, high-quality maps, and boxed material. Each chapter also takes a unique cultural or historical point of view, often through primary sources, the stylistic relationship between two or more images and ideas or between text and image, and contemporaneous non-Western cultural landmarks and cross-cultural influences. In this edition, each chapter opens with "A First Look" at a landmark work that illustrates the key idea of the chapter and acts as a cultural guidepost to that chapter's overarching theme. This new feature explains the artwork's significance as a landmark in its own time as well as in ours.

[Romanticism, Realism, and the Nineteenth-century World](#) Sep 19 2021 [Book 4: Faith, Reason, And Power In The Early Modern World](#) - [Book 5: Romanticism, Realism, And The Nineteenth-Century World](#)--[Book 6: Modernism, Globalism, And The Information Age](#).

[The Humanistic Tradition, Book 4: Faith, Reason, and Power in the Early Modern World](#) Feb 10 2021 Interdisciplinary in approach and topical in focus, the sixth edition of *The Humanistic Tradition* continues to bring to life humankind's creative legacy. With more than 800 illustrations and some 150 literary sources in accessible translations, this widely acclaimed humanities survey takes a global perspective that is at once selective and engaging, and helps students better understand the relationship between world cultures. The Humanistic Tradition Apr 14 2021 Designed for Introduction to Humanities courses, Gloria Fiero's *The Humanistic Tradition* is, "the only completely successful integration of non-western and western cultures, achieved by the appropriate placement of non-western elements at points in the text where they influence and complement their western counterparts. But there is more: *The Humanistic Tradition* also addresses contemporary issues of gender and race with sensitivity and appropriateness, using historical examples from the past as templates for the present."—Laurinda S. Dixon, Syracuse University
