A Proper Woman Feb 26 2020 This is the true story of a young Cambodian woman who has challenged her country's social and cultural norms throughout her life and as a consequence has become an ambassador for female empowerment. Growing up on an island in the Bassac River, removed from many of the conveniences of modern life and surrounded by traditional customs and thought, Thavry's story is one of inspiration to females around the world. As Cambodia slowly recovers from the

great turmoil and destruction of civil war and the Khmer Rouge, rural life largely returned to familiar, century-old ways. For women, this meant marrying young, bearing children and working on the family farm, with little say in anything. But with support from her parents, whose own childhood experiences had been greatly shaped by the four years of Khmer Rouge rule, Thavry was taught to value education as a means of breaking from the confines of the village and to forge her own independent future. Her inspiring story shows that encouraging young women to believe in their dreams - and supporting them to do so - can lead to a freedom to learn and grow unknown to earlier generations.

The Care and Feeding of Ravenously Hungry Girls Jul 25 2022 "If you enjoyed *An American Marriage* by Tayari Jones, read *The Care and Feeding of Ravenously Hungry Girls*...an absorbing commentary on love, family and forgiveness."—The Washington Post "A fast-paced, intriguing story...the novel's real achievement is its uncommon perceptiveness on the origins and variations of addiction."—The New York Times Book Review One of the most anticipated reads of 2019 from Vogue, Vanity Fair, Washington Post, BuzzFeed, Essence, Bustle, HelloGiggles and Cosmo! "The Mothers meets *An American Marriage*" (HelloGiggles) in this dazzling debut novel about mothers and daughters, identity and family, and how the relationships that sustain you can also be the ones that consume you. The Butler family has had their share of trials—as sisters Althea, Viola, and Lillian can attest—but nothing prepared them for the literal trial that will upend their lives. Althea, the eldest sister and substitute matriarch, is a force to be reckoned with and her younger sisters have alternately appreciated and chafed at her strong will. They are as stunned as the rest of the small community when she and her husband, Proctor, are arrested, and in a heartbeat the family goes from one of the most respected in town to utter disgrace. The worst part is, not even her sisters are sure exactly what happened. As Althea awaits her fate, Lillian and Viola must come together in the house they grew up in to care for their sister's teenage daughters. What unfolds is a stunning portrait of the heart and core of an American family in a story that is as page-turning as it is important.

Pack of Two Jun 24 2022 At the age of 36, Caroline Knapp, author of the acclaimed bestseller *Drinking: A Love Story*, found herself confronted with a monumental task: redefining her world. She had faced the loss of both her parents, given up a twenty-year relationship with alcohol, and, as she writes, "I was wandering around in a haze of uncertainty, blinking up at the biggest questions: Who am I without parents and without alcohol? How to form attachments, and where to find comfort, in the face of such daunting vulnerability?" An answer materialized in the most unlikely form: that of a dog. Eighteen months to the day after she quit drinking, Knapp stumbled upon an eight-week-old puppy at a local animal shelter, took her home, and named her Lucille. Now two years old, Lucille has become a central force in Knapp's life: "In her," she writes, "I have found solace, joy, a bridge to the world." Caroline Knapp has been celebrated as much for her fresh insight into emotional and psychological issues as she has been for her gifts as a writer. In *Pack of Two*, she brings the same perception and talent to bear on the rich, complicated terrain of human-animal relationships. In addition to mining her own experience with Lucille, Knapp speaks to a wide variety of dog people—from animal behaviorists and psychologists to other owners whose dogs have deeply affected their lives—about this emotionally complex, sometimes daunting, often profoundly healing alliance. Throughout, she explores the shift in canine roles from working partners to intimate companions and looks, too, at how this new kinship, this wordless bond, becomes a template for what we most desire ourselves.

Family Centred Care Apr 29 2020 "I cannot remember when I last read a nursing text and felt the same sense of relief: at last we have a resource which brings together the mass of concepts, theories and practice issues which are so fundamental to children's nursing. What is unique about this book is that it really does take the step of putting theories into practice. This book would make an excellent introduction for those wanting to increase their level of expertise in working with children and families at any stage in their careers." - extract from The Foreword by Anne Casey - Editor of Paediatric Nursing. Family centred care is the cornerstone of Children's Nursing practice and this engaging and comprehensive text introduces both the theoretical and practical components of this important concept. The authors analyse current issues surrounding family centred care and provide readers with a unique Continuum for Practice that will enable them to implement the concept both in the community and in hospital based settings. The text is clearly structured into the following three parts: Part One provides a definition of family centred care and a Practice Continuum. Part Two is an analysis of current perspectives, issues and challenges impinging on family centred care. Part Three addresses the skills required to actually practice family centred care so that it can become a reality for children, families and nurses. The underlying principles of family centred care are presented as frameworks grounded in the realities of day-to-day practice. In this way the reader is equipped with a toolkit that they can use to develop their expertise, at their own pace in their individual care environment. Family Centred Care will be essential reading for all student and qualified nurses working with children and their families in a variety of health care settings.

Mac OS X Tiger Killer Tips Feb 08 2021 Tips rule! Have you ever noticed that in just about every Mac book, the author will include a couple of tips in each chapter (you'll usually find them in the sidebar, or at the bottom of the page in a tinted box). Sometimes it's a shortcut, a faster way to do something, or a clever workaround that just makes your life easier. People really love those tips, but there's only one problem--there's never enough of them. That's why Scott Kelby, bestselling author and Editor-in-Chief of Mac Design magazine came up with the idea to create a book that's nothing but sidebar tips. That's right--this entire book, cover-to-cover is packed with nothing but those cool inside secrets, slick workarounds, undocumented shortcuts, and sneaky little tricks that will make you faster, better, and have more fun using Mac OS 10.4 (Tiger). Nothing but the tips! You're not going to find complicated descriptions on how to configure a network, how to partition a hard drive, or lines and lines of scary-looking UNIX code--instead this book is nothing but cool tips--and it's all written in Scott's casual, plain English style so you can start using these tips today. Plus, this book does the standard "sidebar tip" one better by including a clear screen capture with nearly every tip, so you can see exactly how it's all done. Not just tips. Killer tips! To be in this book, every tip has got to be a "Killer Tip" (the kind of tip that makes you nod and smile, then call all your Mac buddies to tune them up with your new-found power). Scott's a total "hip hound" (in fact, it was Scott who created the entire smash-bestselling "Killer Tips" book series), and he doesn't hold anything back--it's all here from the man who literally "wrote the book" on cool productivity tips. If you like doing things the easy way, if you like getting twice the work done in half the time, and if you get a kick out of knowing all the "inside secrets and undocumented shortcuts" that will wow your friends and coworkers, you're absolutely going to love this book.

Oceans of Consolation Jun 12 2021 "An ocean of consolation" was what one young Irish emigrant in rural Australia called a letter from his father in County Clare in 1855. Similar strength of feeling is often found in the intriguing letters that David Fitzpatrick has unearthed for this extraordinary collection. Oceans of Consolation offers historians and family researchers novel and sophisticated ways of reading old letters. It opens to us the daily preoccupations of ordinary women and men with little education and fewer material possessions, as they try to overcome the separation from family and friends created by emigration. Fitzpatrick includes the personal correspondence of fourteen families of Irish emigrants in the Australian colonies, giving equal attention to letters to and from Australia. He reproduces in full more than one hundred letters dating from 1843 to 1906, and includes a generous selection of contemporary engravings and photographs. Fitzpatrick's detailed commentaries offer biographical narratives for all of these emigrants, tracing their Irish backgrounds and Australian careers. Parting company with editors of comparable collections, he pays special attention to the words and idiom by which letterwriters expressed their everyday concerns and sought or offered reassurance and advice. He believes that personal letters provide not only unique evidence of the hopes and fears of emigrants but also an important avenue for exploring popular Irish culture.

The idea of a book was re-imagined for a digital meets analog world to be a relevant and sensational experience. Its aesthetic was meant to evoke emotion while also giving new perspective and insights to help you win the hearts and minds of your customers. And, the design of this book, along with what fills its pages, was done using the principles shared within. Brian shares more than the importance of experience. You'll learn how to design a desired, meaningful and uniform experience in every moment of truth in a fun way including: How our own experience gets in the way of designing for people not like us Why empathy and new perspective unlock creativity and innovation The importance of User Experience (UX) in real life and in executive thinking The humanity of Human-Centered Design in all you do The art of Hollywood storytelling from marketing to product design to packaging Apple's holistic approach to experience architecture The value of different journey and experience mapping approaches The future of business lies in experience architecture and you are the architect. Business, meet design. **X**

Good Or God? Aug 14 2021 These days the terms good and God seem synonymous. We believe what's generally accepted as good must be in line with God's will. Generosity, humility, justice—good. Selfishness, arrogance, cruelty—evil. The distinction seems pretty straightforward. But is that all there is to it? If good is so obvious, why does the Bible say that we need discernment to recognize it? Good or God? isn't another self-help message. This book will do more than ask you to change your behavior. It will empower you to engage with God on a level that will change every aspect of your life.

Wild at Heart Revised and Updated Sep 22 2019 Every man was once a boy. And every little has dreams, big dreams, dreams of being the hero, of beating the bad guys, of doing daring feats and rescuing the damsel in distress. Every little girl has dreams, too: of being rescued by her prince and swept up into a great adventure, knowing that she is the beauty. But what happens to those dreams when we grow up? Walk into most churches, have a look around, and ask yourself: What is a Christian man? Without listening to what is said, look at what you find there. Most Christian men are . . . bored. John Eldredge revises and updates his best-selling, renowned Christian classic, *Wild at Heart*, and in it invites men to recover their masculine heart, defined in the image of a passionate God. And he invites women to discover the secret of a man's soul and to delight in the strength and wildness men were created to offer. John Eldredge is the director of *Ransomed Heart*

Lies (and the Lying Liars Who Tell Them) Oct 24 2019 Al Franken, one of America's savviest satirists has been studying the rhetoric of the Right. He has listened to their cries of 'slander', 'bias' and even 'treason'. He has examined the Bush administration's policies of squandering our surplus, ravaging the environment, and alienating the rest of the world. He's even watched Fox News. A lot. And in this fair and balanced report, Al bravely exposes them all for what they are: liars. Lying, lying, liars.
