Based on indisputable fact, a step by step account of the Bali bombers, the rise of extremist Islamic militancy across Asia and what the future might hold when terror is unleashed on Australia's doorstep, 'Crescent Moon Rising' relates the rise of militant Islam across Asia and how the US and other foreign intelligence agencies missed opportunities to arrest not only the instigators of the September 11 attacks on the USA but also those who created the Jemaah Islamiyah and carried out the Bali bombings. The Bojinka Plot is uncovered in Manila but the US ridicules the contents found on a white Toshiba laptop discovered after an apartment fire. The computer files lay out an assassination plot against the Pope who would visit that week, and the detailed plan to hijack 11 aircraft and crash these into the World Trade Towers and other US targets. The timing of this event was January 1995.

Plus, there's another helping of reminiscences from past years and other parts of Greece and Europe in general; like the time when Yvonne was Miss August on a calendar that graced the walls of innumerable offices all across Germany after meeting a German businessman on a beach in Corfu. Then there's Manolis, the "Six Million Drachma Man," who climbs olive trees even though he only has one and a half legs! The "Lonely Goatherd" comes by, as does Kostas, the local who shows them which weeds are great to eat. Yvonne helps Greco-Turkish relations during an evening out on Samos and John reluctantly become the elephant man for a while.

Ron Iddles in an incredible twenty-five year career as a homicide detective, Ron Iddles' conviction rate was 99%. Yet that only partly explains why Iddles is known to cops and crims alike as 'The Great Man'. Tough, inventive and incorruptible, stoic in the face of senseless horror yet unafraid to shed tears for a victim, Ron has applied his country cunning and city savvy to over 320 homicide cases - some of them the most infamous, compelling and controversial crimes in the nation's history. To the victims of crime, Ron is both a shoulder to cry on and an avenging angel. Ron Iddles never gave up on a 'lost' cause. He became a regular on the nightly news - the dogged face of Australian justice. Working long hours, dodging bullets, chasing leads and outwitting killers, Ron would tell his teams: 'The answer is just one call away'. And in 2015, that belief saw him crack Victoria's oldest unsolved homicide, yet another remarkable feat in a life devoted to keeping the public safe. This is the extraordinary inside story of a real crime crusader. Ron Iddles. The Good Cop.

[The Roots of Terrorism in Indonesia](#) Jul 26 2019 Available for the first time in English, this groundbreaking book is an in-depth investigation of the development of jihadism from the earliest years of Indonesian independence in the late 1940s to the terrorist bombings of the past decade. The Roots of Terrorism in Indonesia is based on a remarkable array of documentary and oral sources, many of which have never before been publicly cited. Solahudin's rigorous account fills many gaps in our knowledge of jihadist groups, how they interacted with the state and events abroad, and why they at times resorted to extreme violence, such as the 2002 Bali bombings.

[Network Governance in Response to Acts of Terrorism](#) Jul 06 2020 High performance during catastrophic terrorist events require the ability to assess and adapt capacity rapidly, restore or enhance disrupted or inadequate communications, utilize flexible decision making swiftly, and expand coordination and trust between multiple emergency and crisis response agencies. These requirements are superimposed on conventional administrative systems that rely on relatively rigid plans, decision protocols, and formal relationships that assume smooth sailing and uninterrupted communications and coordination. Network Governance in Response to Acts of Terrorism focuses on the inter-organizational performance and coordinated response to recent terrorist incidents across different national, legal, and cultural contexts in New York, Bali, Istanbul, Madrid, London, and Mumbai. Effortlessly combining each case study with content analyses of news reports from local and national newspapers, situation reports from government emergency/crisis management agencies, and interviews with public managers, community leaders, and nonprofit executives involved in response operations, Naim Kapucu presents an overview of how different countries tackle emergencies by employing various collaborative decision-making processes, thus, offering a global perspective with different approaches. These features make this book an important read for both scholars and practitioners eager to reconcile existing decision-making theories with practice.

This year sees new stories from people the eds had previously not heard of, including the incredibly talented likes of Isabelle Li and Julie Koh. But there are names that might be familiar, too, to those who love short stories: Brad Bryant, Pierz Newton-John, or Sian Prior, perhaps better known for her journalism, but proving that she knows how to wrangle a story too. What makes the Almanac different is its breadth. The Almanac, which focuses on new and emerging authors, is the result of a slush-pile read, where writers from all over the country have been encouraged to send in stories up to 10,000 words long.

**Government of the Crooks, by the Crooks, for the Crooks** Mar 02 2020 This book is the first in a series entitled Kleptomania. Kleptomania is a disease, a trait, or a cancerworm that plagues a person or group of people with an uncontrollable urge or instinct to steal or take anything or whatever that is not rightfully theirs or entitled to them. I strongly encourage you to read the content of this book and make an educated conclusion about its context! It's eye popping, head nodding, finger snapping, teeth gnashing, nail biting, toe tapping; and it will certainly take your breath away. Another language for this is "head to toe." All fingers are tainted. To be fairly nice about it, just about all fingers; I mean the average Nigerian has been caught with their fingers in the cookie jar. Corruption, crook, bribery, embezzlement, pilferage, stealing, and looting of the treasury has riddled this God-blessed country.
